Monument Lab defines "monument" as...

"a statement  
of power and  
presence in  
public."

**What would you put on this  
pedestal to make your own  
monument?**

Many important moments have happened on the National Mall. In 1939, **Marian Anderson**, a celebrated singer, was kept from singing at Constitution Hall because of the color of her skin. She performed instead on the steps of the Lincoln Memorial to a crowd of people of many races.

Educator and activist, **Mary McLeod Bethune**, described this moment as a “pulling together.”

In 1963, **Dr. Martin Luther King, Jr.** gave his “I Have a Dream” speech at this same spot Marian Anderson performed. Today you can read an inscription of the words “I Have a Dream” on the steps of the Lincoln Memorial.

**Draw yourself at the spot where Marian Anderson and Dr. Martin Luther King, Jr. stood. What are you doing?**

Where do we play?

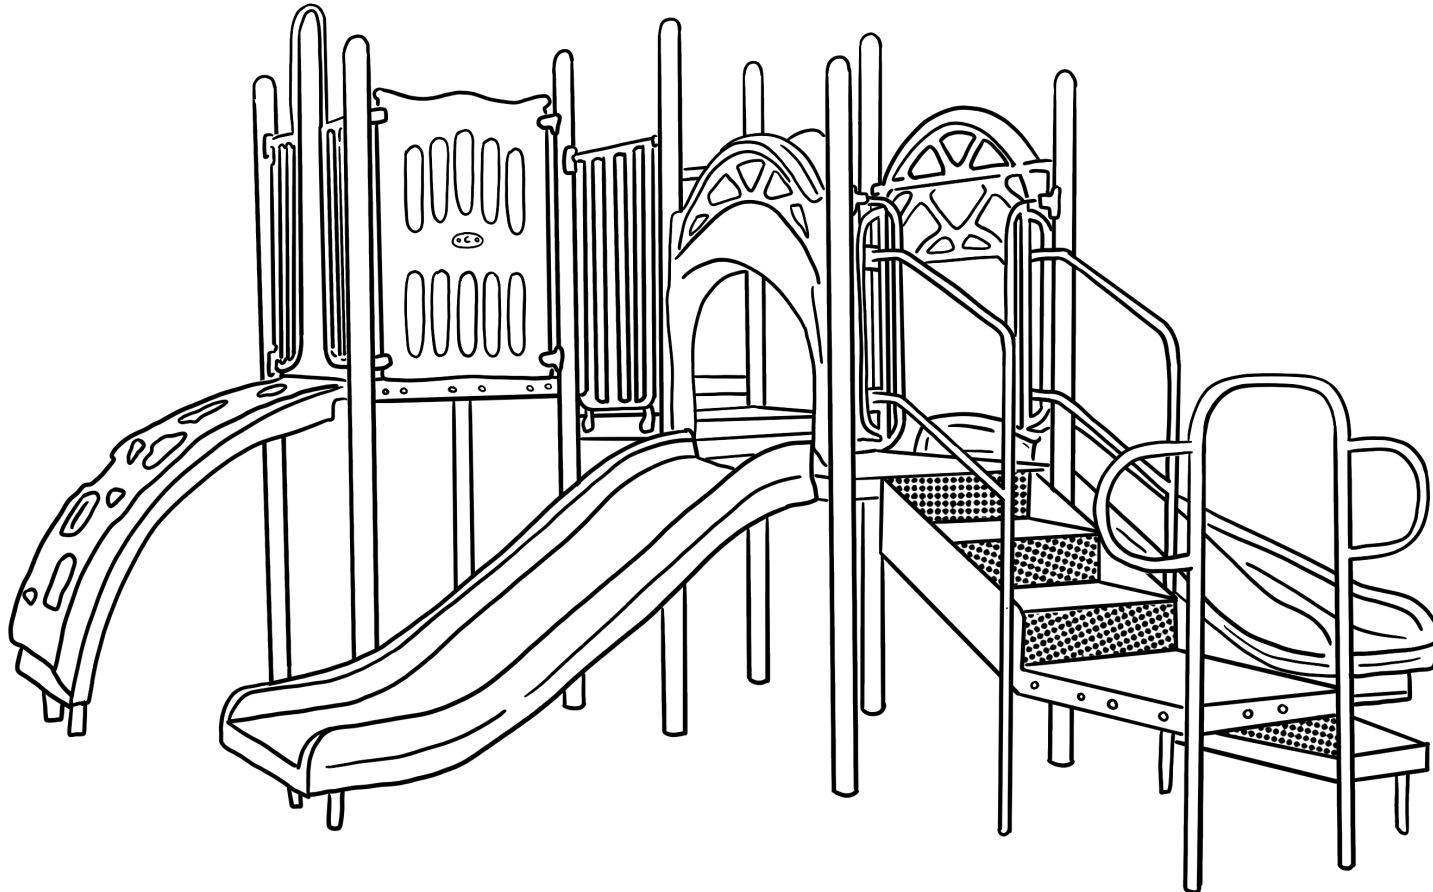

**Add people and a background to show how you like to play.**

When do we play?

Who gets to play?

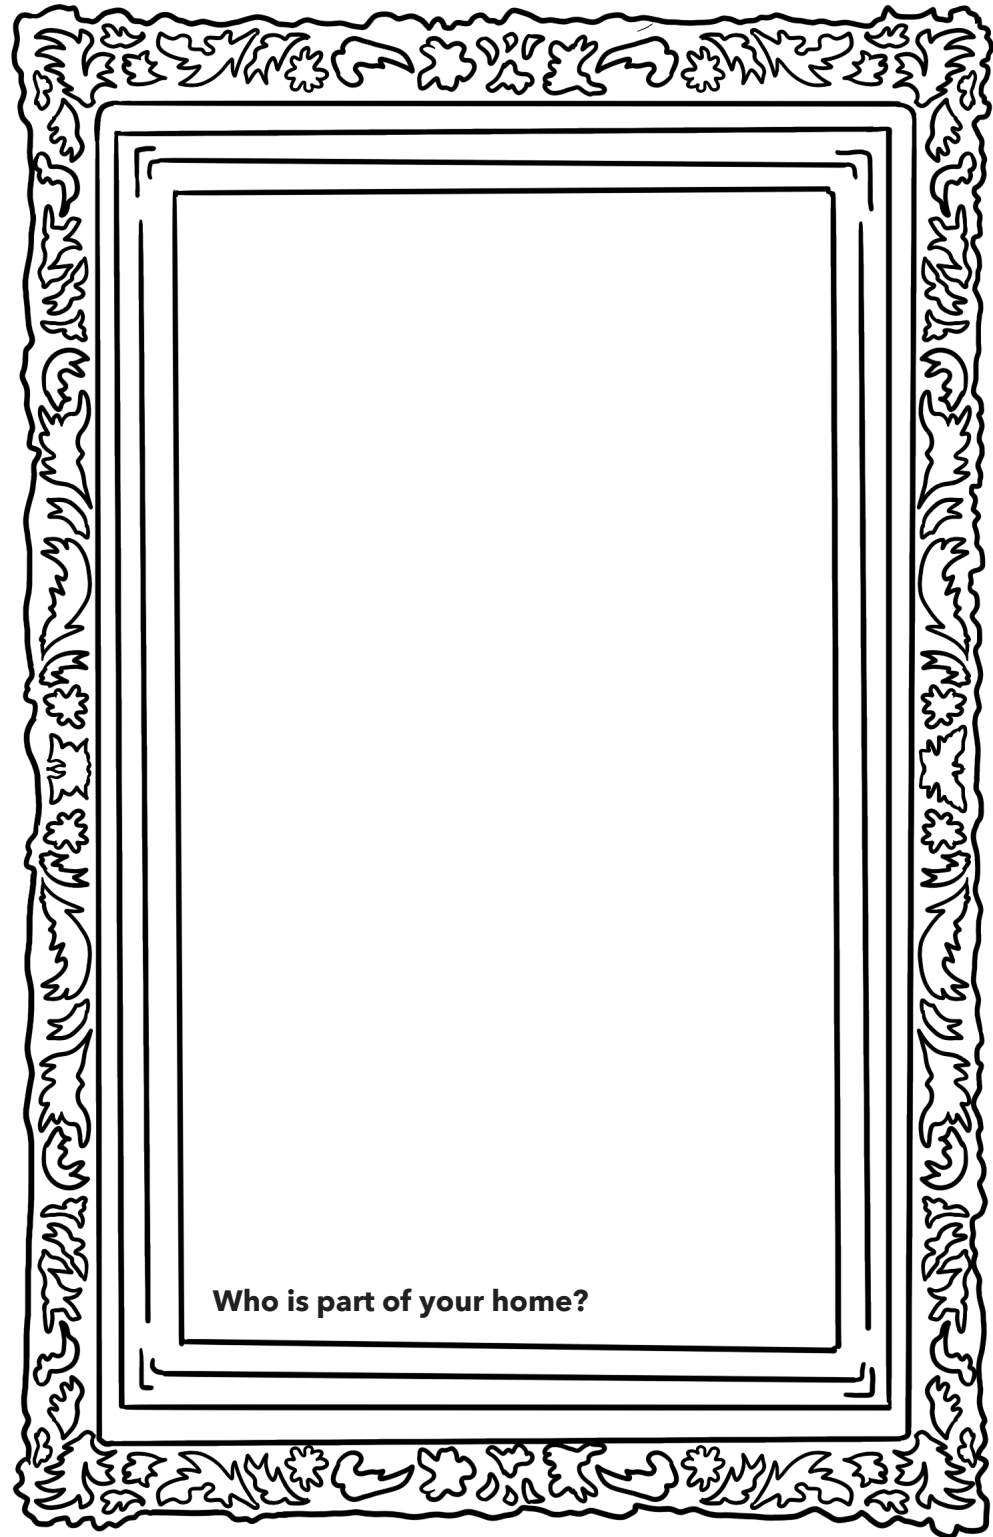

What do we play?

Why do we play?

Where are the places you call home?  
What makes it feel like home?

Who is part of your home?

What happens when

you sing?

What happens when

We sing?

**Who is someone in your life who is brave? Draw special flowers that you would give to that person!**

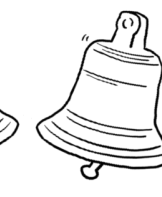

A Portrait of Marian Anderson

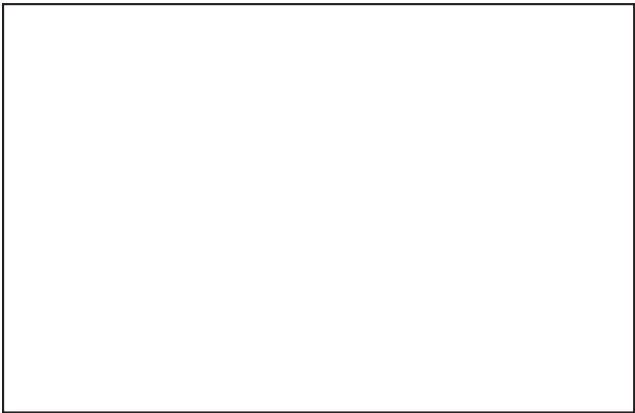

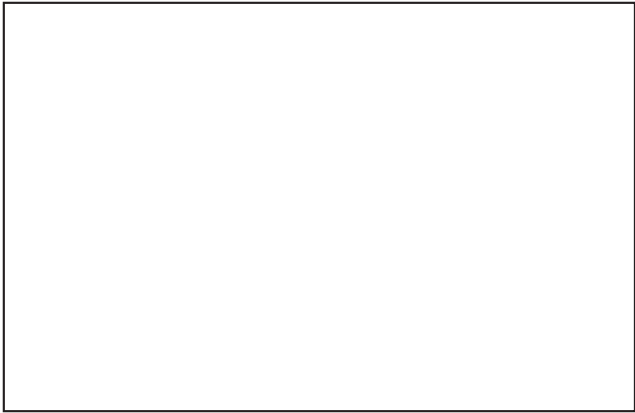

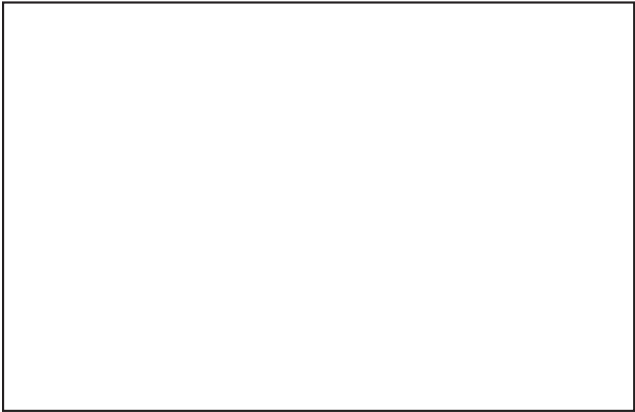

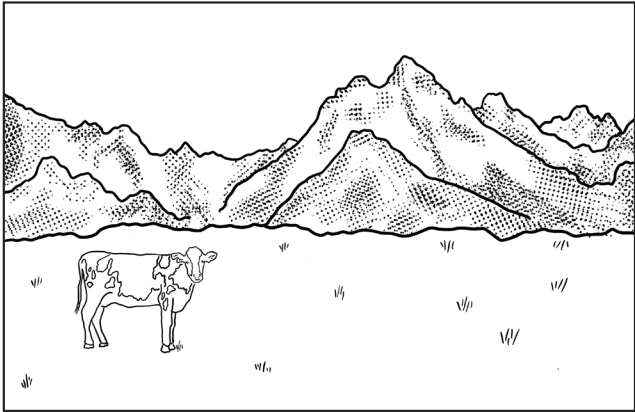

I WANT TO BE FREE TO...

I WANT TO BE FREE FROM ...

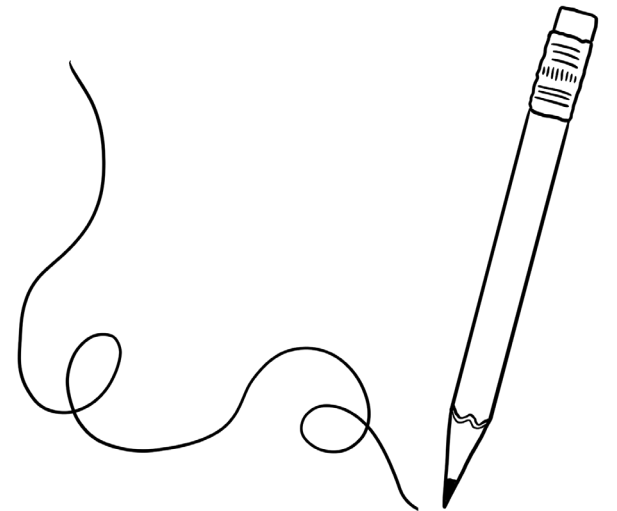

Draw or write your ideas to finish these statements.

**Draw the  
land where  
you live.  
What does  
it look like?  
Sound like?  
Feel like?**

What story  
would you like  
to tell on the  
National Mall?

BEYOND  
GRANITE

**PULLING  
TOGETHER**
